

Who Inspired You in Aviation?

How can you repay that gift?

Keep their *spirit* flying with tomorrow's aviators... Let them *inspire* others as they inspired you!

The 'Spirit of Los Angeles' is an aircraft being built by EAA Chapter 40 / Project JACKPOT at Whiteman Airport:

- Local kids get hands-on experience building an actual aircraft
- Kids learn shop skills, basic aircraft structure, aircraft systems
- Kids learn teamwork, build character & *personal responsibility*
- Adults mentor, transfer knowledge, values & positive choices to kids
- Parents participate & learn... creating an airplane-friendly community
- Local bureaucrats, media, and politicians get a *positive* view of aviation

Zenith CH-750 Cruiser

- * 2 Place, LSA, all-metal trainer
- * Traditional aircraft engine
- * Safe, proven, robust design
- * Docile low-speed handling
- * Easy and quick to build

Your \$99 donation (tax deductible) puts the name of **your** aviation mentor, inspiration, instructor, or fellow pilot on The Spirit of LA ! You'll keep their *love of aviation* alive, not just their name. Help them make a new generation of pilots, designers, mechanics, and engineers.

Even **after** completion, The Spirit of LA will:

- ◆ Provide free Young Eagles youth flights (we've flown **6000+** so far)
- ◆ Let kids fly in something they built with their own hands
- ◆ Serve as an inspiration for **other** kids to pursue their dreams
- ◆ Provide a low-cost aircraft for "lapsed" pilots to get current again
- ◆ Keep retired or disabled older pilots **active** in aviation

Sponsor the name of your aviation inspiration today!
