Las Vegas TRACON

Effective: 03/01/2023 1400 (UTC)  
Letter to Airmen: LTA-L30-23

Subject: Prior Permission Required (PPR) Parking Program

Cancellation: 12/31/2023 1359 (UTC)

To accommodate the increased demand for airport parking and services, a PPR parking program is frequently implemented at Las Vegas Harry Reid International Airport (LAS), Henderson Executive Airport (HND), and occasionally at North Las Vegas Airport (VGT).

Aviators are reminded to review current Chart Supplement airport remarks and Notices to Air Missions (NOTAMs) in advance of any flights to ensure they are receiving the most up-to-date information.

When a PPR parking program NOTAM is active; Aircraft operators not permanently based at LAS, HND or VGT need to obtain a PPR number from an FBO at 702-261-7775. A PPR number is required for every landing to have full operational use of the airport runways, taxiways, aprons, facilities and services.

PPR confirmation numbers should be entered in the remarks section of each flight plan.
