**LA CENTER**

**We constitute a dynamic mechanism wherein aviation users and industry representatives can effectively interact with each other in their commitment to resolve airspace related problems and improve aviation safety, utility, and efficiency. We are a pioneering group, willing to join in our commitment to create working means and communication channels to achieve airspace and safety goals. We, as professionals, have the knowledge, technology, means and desire to explore new ways of achieving change. We have committed ourselves to cooperative action, including opposing views, and are taking necessary steps to make a significant contribution to our air transportation system.**
