Southern California TRACON

Effective: 08/29/2025 1200 (UTC)
Letter to Airmen: LTA-SCT-85

Subject: SBD REI TRAFFIC AWARENESS

Cancellation: 08/28/2027 1200 (UTC)

The RNAV (RNP) to RWY 24 into San Bernardino International Airport (SBD) may involve associated hazards:

1. Pilot's concentration on the approach to SBD may potentially divert attention away from aircraft operating in the vicinity of Redlands Municipal Airport (REI).

NOTE – *Air Traffic Control can only provide advisories based on known or observed traffic.*

2. Wake turbulence encounters for aircraft in the vicinity of REI produced by aircraft landing SBD.

Pilots operating at REI and SBD airports should remain vigilant and situationally aware when aircraft are executing the SBD RNAV (RNP) to RWY 24 and when aircraft are operating in the vicinity of REI.
